Professional Summary

Results-driven software engineer with over 5 years of experience in designing, developing, and implementing software solutions. Adept at coding, debugging, and collaborating in high-performance teams to deliver robust and scalable applications. Proficient in a variety of programming languages and tools, with a strong focus on continuous learning and professional development.

Skills

- **Programming Languages:** C#, Java, Python, JavaScript, SQL
- **Frameworks & Libraries:** ASP.NET Core, Angular, React, Django, Node.js
- **Databases:** SQL Server, MySQL, MongoDB
- **Tools & Technologies:** Git, Docker, Kubernetes, Azure, AWS
- **Methodologies:** Agile, Scrum, Test-Driven Development (TDD)
- **Soft Skills:** Problem-solving, Communication, Team Collaboration, Time Management

---

Professional Experience

Software Engineer
ZYS Tech Solutions, Mumbai, MH
June 2020 – Present

- Developed and maintained web applications using ASP.NET Core and Angular.
- Implemented RESTful APIs to enhance application functionality and performance.
- Collaborated with cross-functional teams to define, design, and ship new features.
- Conducted code reviews and provided mentorship to junior developers.
- Utilized Docker and Kubernetes for containerization and orchestration of applications.

Junior Software Developer
XYZ Innovations, Mumbai, MH
January 2017 – May 2020

- Assisted in the development of e-commerce platforms using React and Node.js.
- Participated in Agile ceremonies, including sprint planning, stand-ups, and retrospectives.

- Wrote and executed unit tests to ensure code quality and reliability.
- Managed database design and maintenance using SQL Server and MongoDB.
- Provided technical support and troubleshooting for client issues.

Education

Bachelor of Technology in Computer Science
Indian Institute of Technology, Mumbai, MH
Graduated: May 2016

Certifications

- Microsoft Certified: Azure Developer Associate
- Certified Scrum Developer (CSD)

Projects

Face Recognition System

- Developed a face recognition system using Python and OpenCV.
- Integrated the system with an ASP.NET Core application for real-time face detection.
- Implemented features to identify and log recognized faces from group photos.

E-commerce Website

- Built a fully functional e-commerce website using React and Node.js.
- Implemented a secure user authentication system with JWT.
- Designed a dynamic and responsive front-end using HTML, CSS, and JavaScript.
